25-26	Telegraph	14.0
29-28	Peak View - Outer Loop	18.0

Note: More loop options still to come!

\* Above listed distances were measured by GPS. Distances measured by bike odometer may be up to 10% longer due to:

- GPS measures straight lines between points, which may miss distance in the trail primarily at turns, and
- Bike odometers measure long due to surface irregularities and wheel weaving.
